Renovation work to the Temple at Haidrid.

FROM

The Municipal Commissioner Malir

No. C 5140/35-2 Dated 31. 12. 1934 Received 2. 1. 35

Diary No. 732	Enclos.	Spare copies	Serial No.

BRIEF ABSTRACT OF LETTER

With reference to the Collector's C.O. No. 5140/35-2 dated 31-12-1934 on the subject of the estimate for Rs 2500/- for carrying out certain renovation works to the Hindu Dharmsala and temple at Haidrid.

NOTES AND ORDERS.

Letter No 5856 dated 2/1/35 from the Chief Engineer Malir requesting sanction to the proposal to carry out the temporary work connected with the Renovation works at Haidrid as detailed in the above letter dated 1-7-1935.

NOTES—First Sheet

WD 02552—GPB—5,000—10-7-30

The proposals submitted by the M.C. regarding the chief Engineer are practically the same viz continuance of the temporary establishment costing Rs 2352 per annum for a further period of one year from 1.7.35 to 30.6.1936. In the estimate submitted by the M.C, an additional sum of Rs 148/- is included on account of the charges of labelling the compound wall of the temple.

2 As the chief Engineer has not asked for sanction to this extra item of expenditure recommended by the M.C, the opinion of the Govt may perhaps be called for.

7/1

The continuance of the temporary Estt at a cost of Rs 2352/- which is agreed to by the M.C. & the C.E. may be sanctioned.

3 The suggestion of the M.C. in para 3 of the P.S. I that the question of the future programme of renovation works of the Halebid temple may advantageously be referred to the Committee recently appointed

---

Renovation works to Sri Hoisaleswaraswami temple at Halebid Belur Taluk. during 35-36.

In forwarding herewith a copy of letter No.363 dated 10-11-35 together with its encosure received from the Executive Engineer, Hassan Division relating to the above subject, I have the honor to state as follows:-

2. It will be kindly seen on a perusal of the Ex-Engineer's letter that some of the works are to be urgently carried out during the current year also in the Sri Hoisaleswaraswami temple at Halebid and that the cost of the same is estimated at Rs.2500/-.

3. No grant has been sanctioned during the current year to this temple. But it will be seen from a perusal of my letter No.C. 16/35 addressed to you separately to-day in connection with the reconciliation of the accounts of the renovation grants that the temple has the following amounts available at its credit from the savings of the Renovation Grants.

a. Rs.5904-1-6 being the unspent balances out of previous year's Renovation Grants kept in the Muzrai Pass Book.

b) Rs.381-4-11 being the unspent balance with the Ex. Engineer.

Total Rs.6285-6-5.

A sum of Rs.1019/ being the pay of the watchmen for certain years has been debited by the Ex. Engineer to "24 Civil Works-Repairs to Civil Buildings - Ancient Monuments" though, according to the G.O. of 13th October 1924 it has to be debited to the Renovation grant. I have been corresponding with the Ex. Engineer regarding this question until the matter is finally decided it is better to keep a reserve of Rs.1019/- for this item of expenditure, if it is ultimately decided that the present debit is incorredt. After giving deduction to this amount, there will remain a sum of Rs.5266-6-5 available for expenditure for the present.

4. In these circumstances, and in view of the urgent necessity for carrying out the works provided in the estimate, which is explained in the letter received from the Ex.Engineer, I request you to be so good as to accord sanction to the estimate and permit the utilisation of Rs.2500/- out of the unspent balance of the renovation grant available in Account No.2 in the Muzrai Pass Book for this

he Muzrai Pass Book for this work

For Muzrai Commissioner

Letter No.363 dated the 10th November 1935, from the Executive Engineer, Hassan Division, to the Deputy Commissioner, Hassan Dist.

Subject:- Renovation works of Sri Hoisaleswaraswami temple at Halebid Belur Taluk.

....

With reference to your No.L.Dis.C.1132/35 dated 6-11-35, I have the honor to state that the renovation works of Hoisaleswaraswami temple at Halebid are going on for the last 7 or 8 years and sanction for the continuation of these works is being obtained year after year. As the Director General of Archaeology of India, Director of Archaeology in Mysore and several other officers visiting these works have been observing, the works yet remaining to be done are still of very heavy nature. For instance, the roofing of the temple has got to be repaired, the portions of the temple that have settled, particularly the south west corner, are to be reset. Beams and pillars that are crushed have to be replaced. The mantaps for the bulls in the front are sinking and require immediate attention. The grounds are ordered to be made level and cleared. The interior cleaning work which has been started has to be continued to expose all the carvings and preserve them from further deterioration. The exterior carvings work has also got to be preserved against fungus growth. The estimate herewith forwarded provides for a few of these works in the order of urgency as was agreed upon with the Director of Archaeology during his last visit and some work has been done for the last four months.

These renovation works will have to be continued to preserve this ancient and historical monument. I therefore request you to kindly countersign the estimate and forward the same to the Muzrai Commissioner for sanction.

As regards funds for the work, from the previous correspondence it may be seen that there has been considerable lapse of time in placing the funds at the disposal of this department almost every year and works are continued as the Government have not ordered that these works must be stopped.

I have also to invite your kind reference to this office D.O. No.234 dated 16-9-35 where a statement of expenditure incurred on these works ever since the renovation works were started has been enclosed. From that statement, it will be seen that a large sum of Rs. 2,536/- is still available out of the grants drawn from the Government and credited to the temple.

I herewith forward the estimate for favour of needful action in the matter.

==========

Subject:- Temporary Establishment for the Renovation works to the temple at Halebid, Belur taluq.,

SECTT. BRANCH 30 DEC. 1935

Muz

SIR,

I have the honour to forward herewith a copy of letter No. 643 dated 8-11-35, together with that of its enclosure, received from the Superintending Engineer, Shimoga Circle, reporting that several urgent renovation works of the temple at Halebid have to be completed and that it is necessary to continue the existing temporary establishment during the year 1935-36 also.

I therefore request you to be so good as to obtain the sanction of Government to the marginally noted temporary establishment being continued for a further period of one year from 1-7-35, of the sanction accorded in G.O.No. 178-80 muz 230-32-5 dated 8-8-34 expired on 30-6-35.

Letter No. 643 dated 8-11-35 from the Superintending Engineer, Shimoga Circle, Shimoga to the Chief Engineer of Mysore, Bangalore.

Renovation works of Halebid Temple, Belur Taluk.,

With reference to your letter No. 3494 dated the 25th October '35 and subsequent No. 3676 dated 31st October 1935 on the above subject, I have the honour to state that it is reported by the Executive Engineer, Hassan Division in his No. 627 dated the 30th October 1936(copy enclosed) that the temporary establishment, is necessary, as the works referred to therein are of all urgent nature and have to be completed.

I therefore recommend that the temporary establishment as sanctioned during 1934-35' may kindly be ordered to be continued during 1935-'36 also. Sanction of Government to the continuance of the establishment may kindly be obtained and communicated early.

Copy of letter No. 328 dated 30th October 1935 from the Executive Engineer, Hassan Division, to the Deputy Commissioner, Hassan District, Hassan.

Subject:- Renovation work of Sri Hoisaleswaraswami temple at Halebid, Belur taluk during 1935-36.

I have the honour to forward herewith an estimate amounting to Rs 2,500/- for the Renovation works of the above temple for favour of taking further needful action.

Some of the works are of an urgent nature and have to be completed and it is very necessary to continue the existing temporary work establishment during the official year also.

No. 627 Dated Hassan, the 30th October 1935

Copy of the above is submitted to the Superintending Engineer, Shimoga Circle, Shimoga, for kind information, with reference to his No. 2483 dated 26-9-1935 (1) The construction of the gate pillars, (2) Removing and rebuilding the sunk corner portion of the temple at the south east corner, (3) Clearing the interior of the temple and (4) Rectification of Basava temple have yet to be done and therefore the temporary establishment as sanctioned during 1934-35 may kindly be ordered to continue during 1935-36 also.
